

Sign Up

1. Go to Roboket website (<https://apps.roboket.com/crm/>). There you will find the “homepage” where you can see multiple options to login and register. You will need to create an account to login.
2. To create an account, press the button named “Register” from the last line of the page.

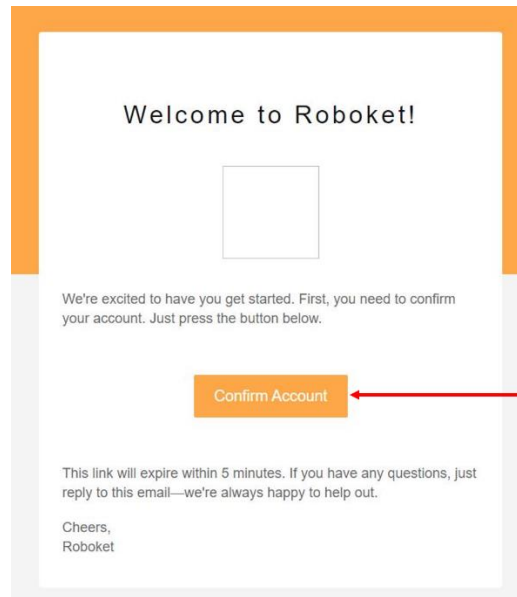

The image shows the Roboket login and registration page. At the top is the Roboket logo. Below it are input fields for Email and Password. There is a checkbox for "Remember me" and a link for "Forgot Password?". A green "Log In" button is below these fields. Further down are three social login buttons: "Sign in with Google", "Log in with Facebook", and "Sign in with LinkedIn". At the bottom, there is a link "Now user?" followed by a green "Register" button, which is highlighted with a red box and a red arrow pointing to it from the right.

3. In this page, you must fill up all the fields properly. Do not forget to provide the same password in both “Password” and “Confirm Password” fields. Then press the “Register” button.

The image shows the Roboket registration page. At the top is the Roboket logo. Below it are input fields for First name, Last name, Email, Password, and Confirm password. At the bottom left is a link "Back to Login". At the bottom right is a green "Register" button, which is highlighted with a red box and a red arrow pointing to it from the right.

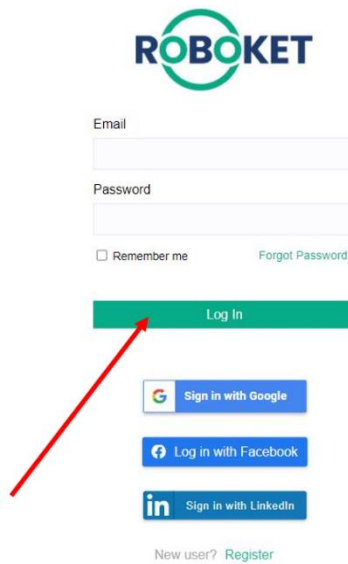

4. After a few seconds you will receive an email on the email address you have provided while signing up where you will have to press the button named “Confirm Account”.

5. Fill up all the fields with proper information except "Email" and "Package" which will be selected "Free" by default and then press "Complete". You will be moved to the "homepage" page.

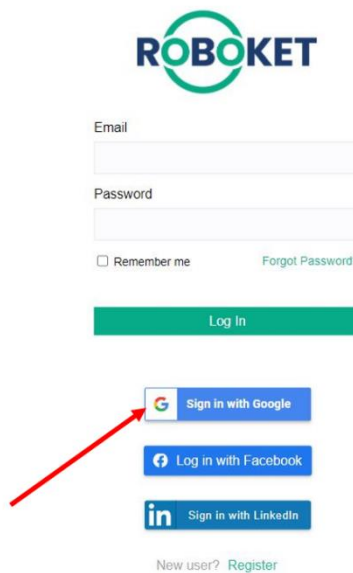

A screenshot of a "Complete signup" form. The form is on a light green background. It has the following fields: "Email" (text input with value "ahnaf.shahriar@adndiginet.com"), "Domain name" (text input with value "demoitd.com"), "Company name" (text input with value "Demo Ltd"), "Industry" (dropdown menu with value "Computer Software"), and "Package" (radio buttons for "Free" and "Ultimate", with "Free" selected). At the bottom is a green button labeled "Complete" with a red arrow pointing to it from the bottom left.

6. Login: You need to visit the homepage of Roboket website where you have to provide your email id and password and press the "Log In" button.

Sign In with Google

1. In the “homepage” of RoboKet website, you will find a button named “Sign in with Google” and click on it.

2. If you are already signed into your email account then go forward. Otherwise sign in providing your email address and password.
3. Now follow the step 4, 5 from the “Sign Up” segment.

4. Login: You need to visit the homepage of Roboket website and press the button named “Sign in with Google” to login (same button from step 1).

Sign In with LinkedIn

1. In the “homepage” of Roboket website, you will find a button named “Sign in with LinkedIn” and click on it.

2. If you are already signed into your LinkedIn account then go forward. Otherwise sign in providing your email address and password and you will be logged into your account.
3. Login: You need to visit the homepage of Roboket website and press the button named “Sign in with LinkedIn” to login (same button from step 1).

Log In with Facebook

1. In the “homepage” of Roboket website, you will find a button named “Log in with Facebook” and click on it.

2. If you are already signed into your Facebook account then go forward. Otherwise log in providing your email address and password.
3. Now follow the steps 4, 5 from the “Sign Up” segment.
4. Login: You need to visit the homepage of Roboket website and press the button named “Log in with Facebook” to login.

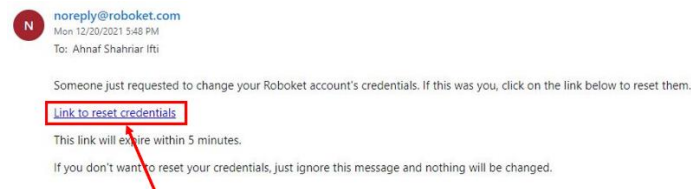

Forgot Password Reset

1. If you have forgotten your password, then go to the “homepage” of Roboket website, click on a button named “Forgot Password” which will be available just under the “Password” field.

2. In this page, you have to provide the email address of your account and press “Submit”.

- After a few seconds you will receive an email on the email address you have provided in step 2 where you will have to press the button/link named “Link to reset credentials”.

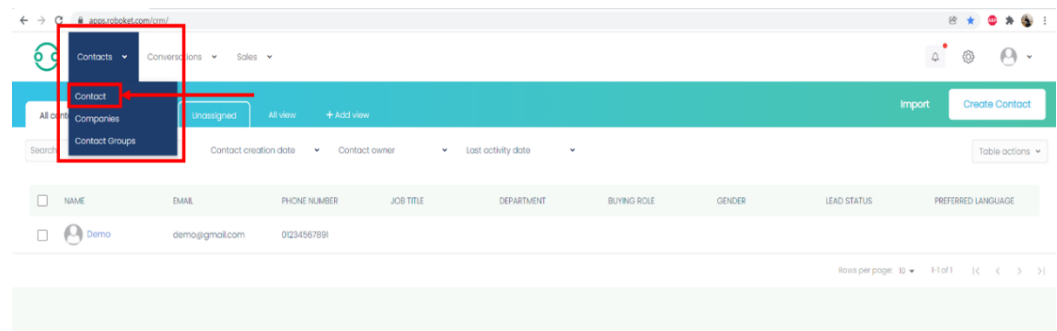

- Provide a new password and press “Submit”. Do not forget to provide the same password in both fields. Then you will be directly moved to the dashboard.

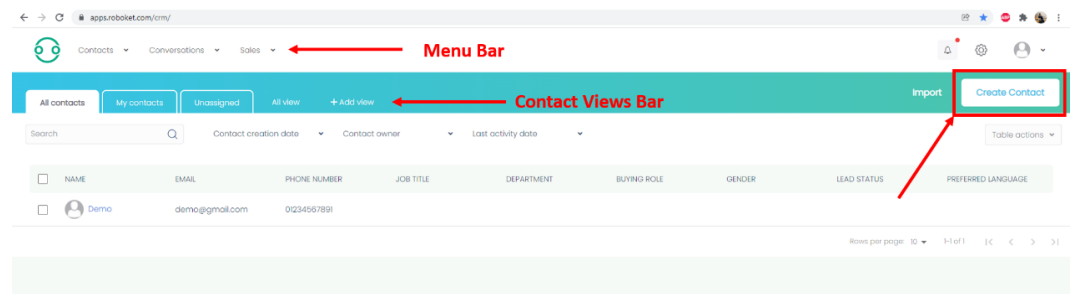

CRM

1. Create Manual Contact

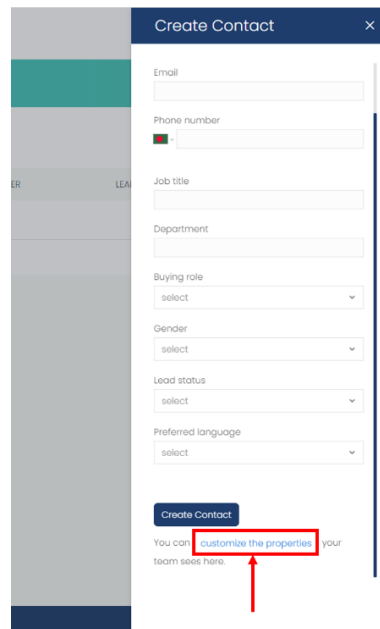

- After logging in you will get the dashboard. At the top of the page, there is a “Main Menu Bar” where you will get a button named “Contacts”. After clicking it, a dropdown menu will appear and select “Contact” from that. You will be directed to the “Contact” page containing an information list of the contacts.

- In the right corner of the page, there is a button named “Create Contact” and click on it. A new popup menu will appear on the right side of the window.

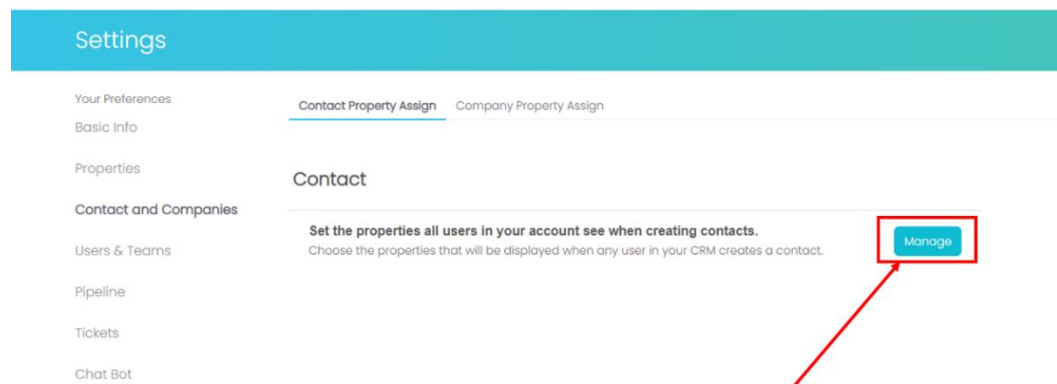

- c. Scroll down and select “customize the properties”. You will be redirected to the “Contact and Companies” option of the “Settings” page.

The screenshot shows a 'Create Contact' form with fields for Email, Phone number, Job title, Department, Buying role, Gender, Lead status, and Preferred language. At the bottom, there is a 'Create Contact' button and a link that says 'You can customize the properties your team sees here.' The link is highlighted with a red box, and a red arrow points to it from below.

- d. Select “Manage”.

- e. From this popup you can choose options by clicking on the box on the left side of the options. They will be marked as checked.

5. Import Contacts

I. From File:

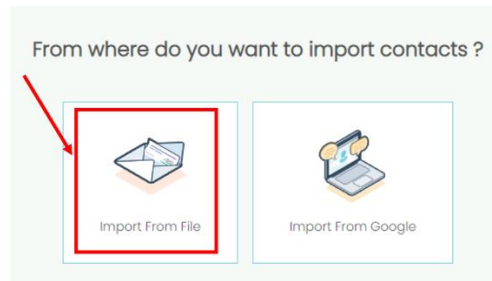

You can import contact information by uploading files.

a. **Dashboard > Contacts > Contact.**

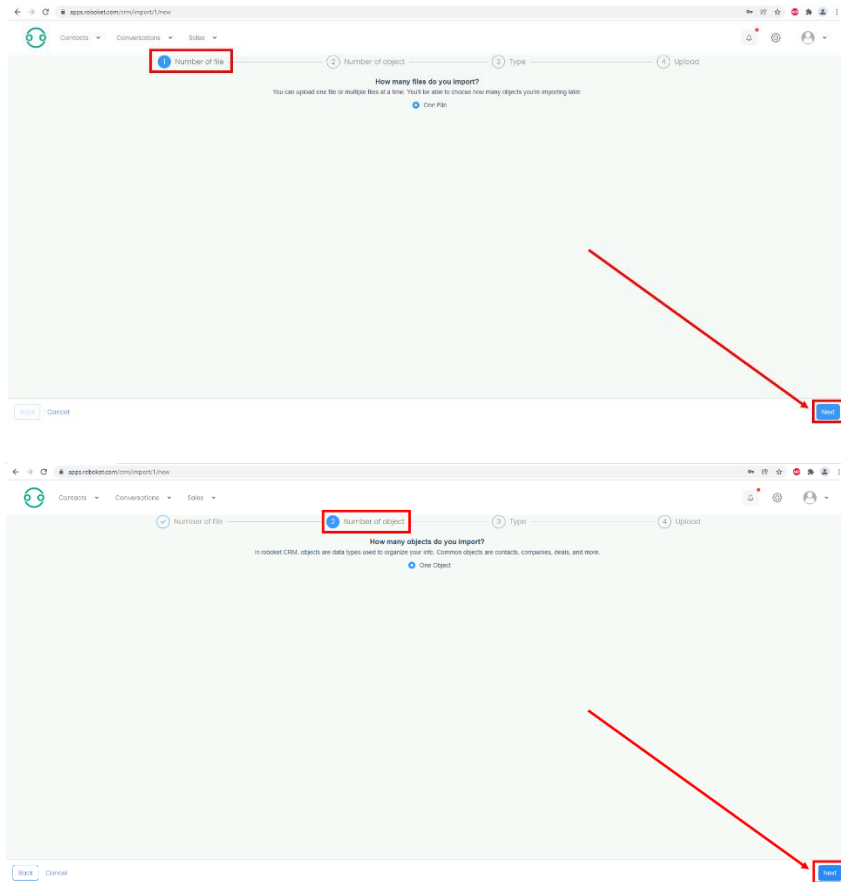

b. In the top right corner, there is a button named “Import”. Click on it.

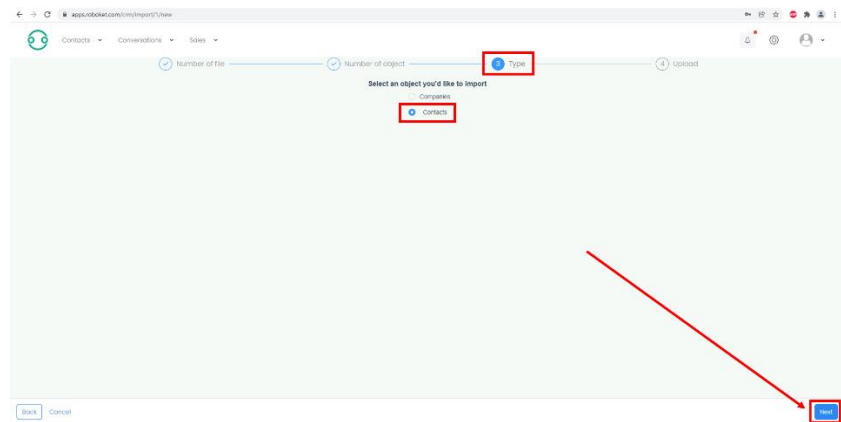

c. Click on the “Import From File” button.

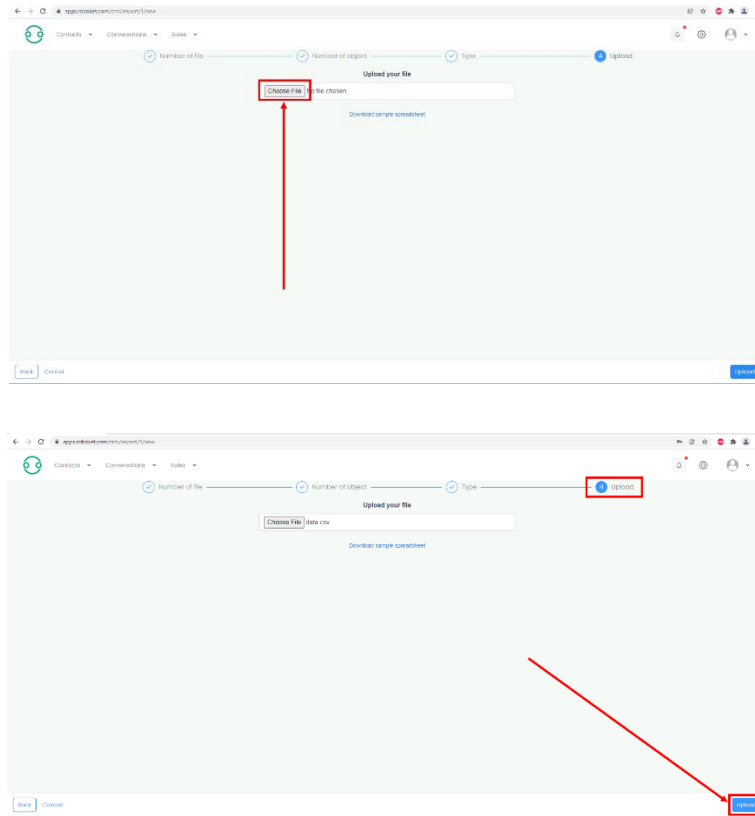

d. Click on the “Next” button which will be available in the bottom right corner from both the “1. Number of files” and “2. Number of Objects” options.

e. Select “Contacts” from “3. Type” options and click “Next”.

f. In “4. Upload” option, click the “Choose File” button and select file. The file must be in either .xls or .csv format. Then click upload. After a few moments, your uploaded contact information will be visible in the “Contact” page.

II. From Google:

You can import contact information from google by connecting with it.

- Dashboard > Contacts > Contact.
- In the top right corner, there is a button named "Import".

- Click on "Import From Google".

- d. Click on “Connect with Google”. Now you have to sign in and choose your google account. Before that, you must have contact information in the “Google Contact” of that google account.

- e. Select your connected account from “Choose an email account to import from” by clicking on your email id.

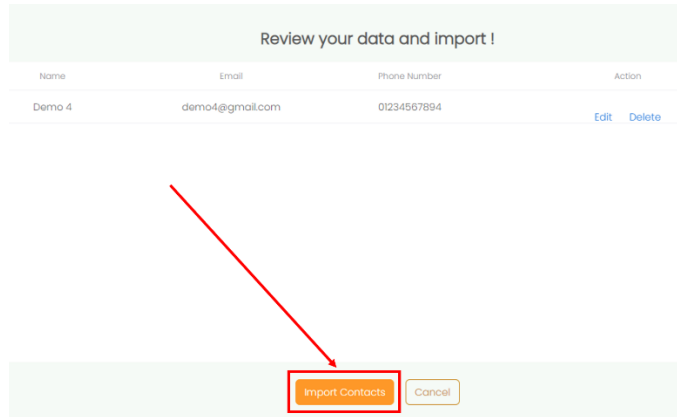

- f. You will get a page, “Review your data and import!” where you can get a chance to review all your contact information. Make sure that all of the fields (“Name”, “Email” and “Phone Number”) in this page are filled up for all the contacts.
- g. You can edit, add the fields (“Name”, “Email” and “Phone Number”) by clicking on the “Edit” option in the “Action” column.

Review your data and import !			
Name	Email	Phone Number	Action
Demo 4	demo4@gmail.com	01234567894	Edit Delete

- h. You can also delete contact from “Review your data and import!” page by clicking on the “Delete” option in the “Action” column.

Review your data and import !			
Name	Email	Phone Number	Action
Demo 4	demo4@gmail.com	01234567894	Edit Delete

- i. After reviewing contact information, you can upload them by clicking on the “Import Contact” button. After a few moments, your uploaded contacts will be visible in the “Contact” page.

6. Import Companies

a. **Dashboard > Contacts > Companies**

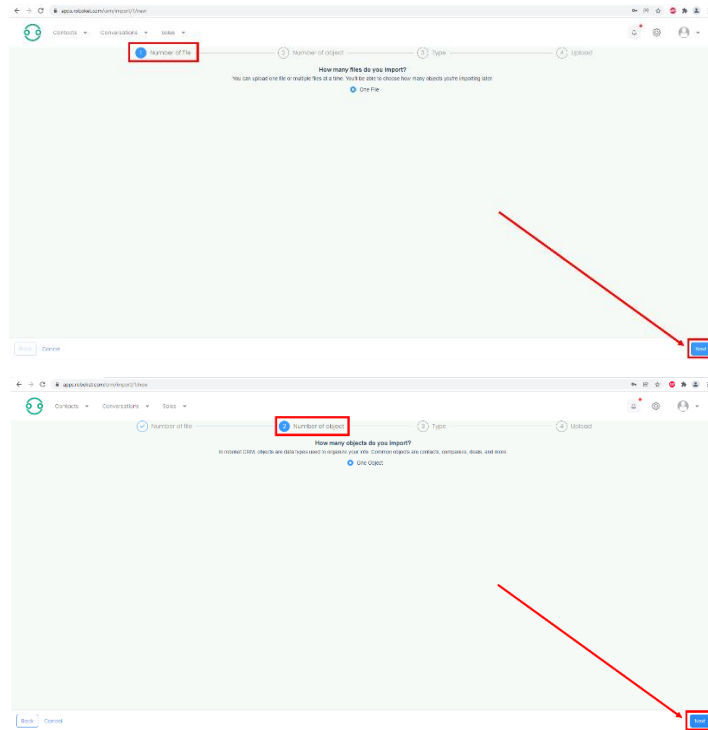

b. In the top right corner, there is a button named “Import”. Click on it.

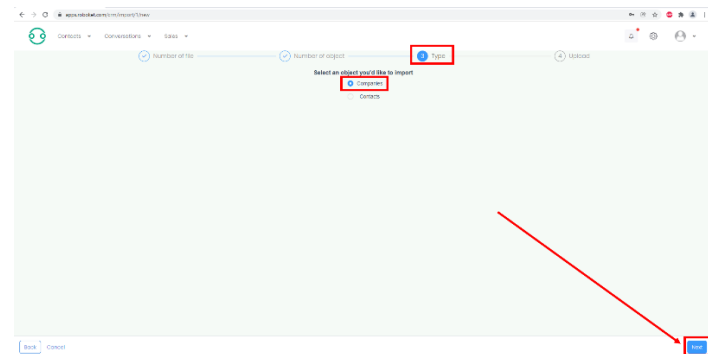

c. Click on the “Import From File” button.

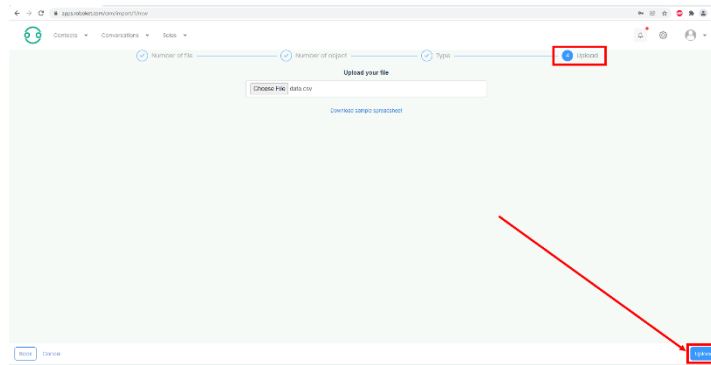

d. Click on the “Next” button which will be available in the bottom right corner from both the “1. Number of files” and “2. Number of Objects” options.

- e. Select “Companies” from “3. Type” options and click “Next”.

- f. In “4. Upload” option, click the “Choose File” button and select file. The file must be in either .xls or .csv format. Then click upload. After a few moments, your uploaded company information will be visible in the “Companies” page.

7. List View Column Configure for Contacts

- Dashboard > Contacts > Contact.**
- In the right corner, there is a button named “Table actions”. After clicking it, a dropdown menu will appear. Select “Edit Columns” from that. A new popup will appear.

- From this popup you can choose options by clicking on the box on the left side of the options. They will be marked as checked.

9. Create, Update, Delete Contact Groups

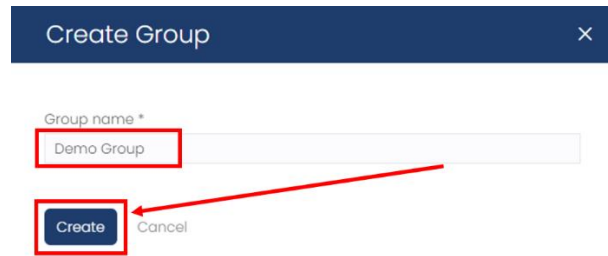

- a. **Dashboard > Contacts > Contact Groups.**
- b. **Create**
 - i. In the right corner, there is a button named “Create Group” and click on it. A new popup will appear on the right side of the window.

Groups

NAME	ACTION
------	--------

Create Group

- ii. Enter a name for your new group in the field under the title “Group name” and click “Create”. A new contact group will be created.

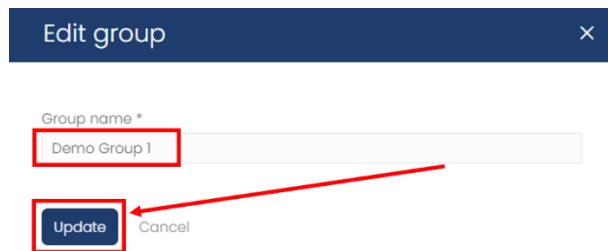

A dark blue header bar with the text "Create Group" and a close button (X) on the right. Below the header is a form with a label "Group name *" and a text input field containing "Demo Group". At the bottom of the form are two buttons: "Create" and "Cancel". A red box highlights the "Create" button, and a red arrow points from the "Create" button to the "Demo Group" text input field.

c. Update

- i. In the list of your groups, under the "Action" column there is a button named "Edit". A new popup will appear where you can update the group name.

- ii. Update the name of the group in the field under the title "Group name" and click "Update". Your contact group name will be updated.

A dark blue header bar with the text "Edit group" and a close button (X) on the right. Below the header is a form with a label "Group name *" and a text input field containing "Demo Group 1". At the bottom of the form are two buttons: "Update" and "Cancel". A red box highlights the "Update" button, and a red arrow points from the "Update" button to the "Demo Group 1" text input field.

d. Delete

- i. In the list of your groups, under the "Action" column there is a button named "Delete".

- ii. A new popup will appear. If you are determined to delete the group, then click on the "Yes" button. Otherwise click on the "No" button. **If you delete a group, only that group will be deleted. Your contacts will not be.**

10. Batch Action and Single Action for Contacts

a. Assign

- i. **Dashboard > Contacts > Contact.**
- ii. In the list of your contacts, there is a check box in the very left side of each row. Click on the box to mark them as checked. You can mark multiple rows.

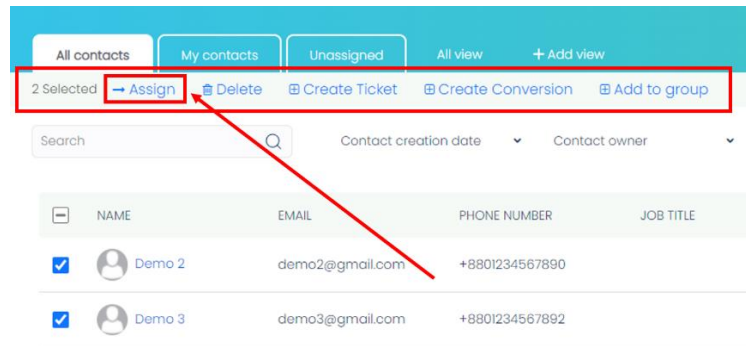

The first screenshot shows a single contact selected. The 'Assign' button is highlighted in the top action bar. The contact details are as follows:

	NAME	EMAIL	PHONE NUMBER	JOB TITLE
<input checked="" type="checkbox"/>	Demo 2	demo2@gmail.com	+8801234567890	

The second screenshot shows two contacts selected. The 'Assign' button is highlighted in the top action bar. The contact details are as follows:

	NAME	EMAIL	PHONE NUMBER	JOB TITLE
<input checked="" type="checkbox"/>	Demo 2	demo2@gmail.com	+8801234567890	
<input checked="" type="checkbox"/>	Demo 3	demo3@gmail.com	+8801234567892	

- iii. A new menu will appear under the “Contact Views”. The number of rows you have selected will be visible. Beside that in that menu there is a button named “Assign”. Click on it.

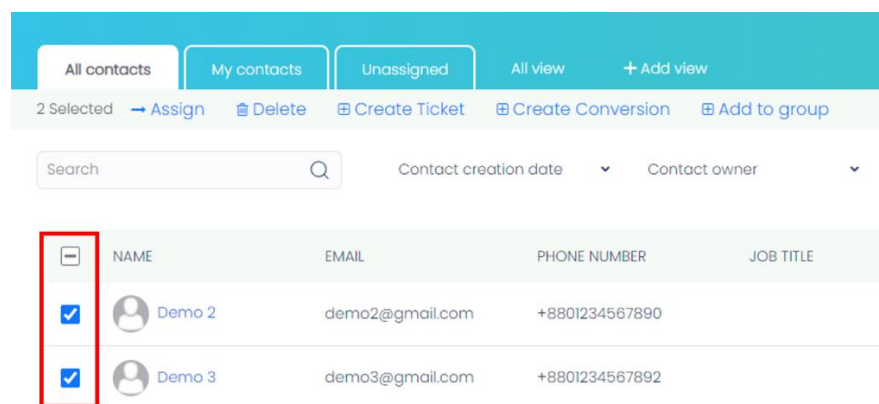

- iv. A new popup will appear where you have to click on the dropdown just below the “Assign Contacts” title. Select a name as “Owner” for that contact. Click on the “Assign” button from that popup.

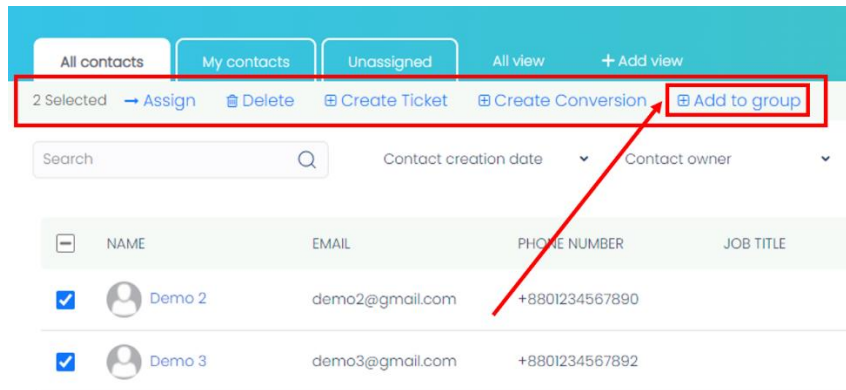

b. Add to Group

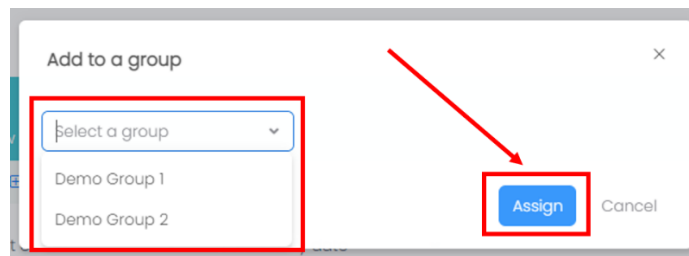

- Dashboard > Contacts > Contact.**
- In the list of your contacts, there is a check box in the very left side of each row. Click on the box to mark them as checked. You can mark multiple rows.

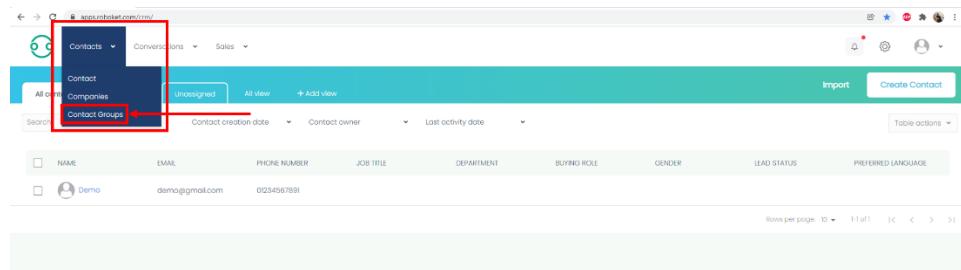

- A new menu will appear under the “Contact Views”. The number of rows you have selected will be visible. In that menu there is a button named “Add to group”. Click on it.

- iv. A new popup will appear where you have to click on the dropdown just below the “Add to a group” title. Select a group for that contact. Click on the “Assign” button from that popup.

- v. To check that, go to Dashboard > Contacts > Contact Groups.

- vi. Click on the group. Your newly added contacts will be visible here.

- vi. You can convert the popup into full screen and return back to its original shape by clicking on the button from the top right corner beside the “close” button.

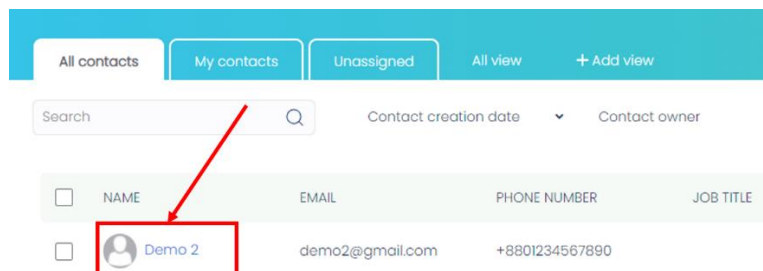

- vii. After all the editing, you can log the call by clicking on the “Log Activity” button.

- viii. Your logged call with all its information including log creator, time and date of creation will be visible in the “Feed” which is located in the middle of the window under both “Activity” and “Calls”. You can go and visit them by clicking on those buttons. Latest activities will be at the top in the feed.

b. Email

- i. **Dashboard > Contacts > Contact.**
- ii. Click on the name of any contact. You will be directed to the **contact dashboard**.

- iii. Click on the “Email” button from the menu under the “Main Menu Bar”. A **popup** will appear where you can log an email.

A screenshot of a 'Log Email' popup form. It has a title bar with a back arrow, 'Log Email', and close/maximize buttons. The form contains two dropdown menus: 'Contacted' (with 'Select' as the current value) and 'Date & Time' (with a date-time picker showing 'YYYY-MM-DD hh:mm:ss'). Below these is a large text area with the placeholder 'Discribe email...'. At the bottom of the text area is a rich text editor toolbar with buttons for bold (B), italic (I), bulleted list, numbered list, heading 1 (H1), heading 2 (H2), and heading 3 (H3). At the very bottom of the popup is a blue 'Log Activity' button.

- iv. Fill up all the fields. You can customize the text while writing a description of the email.

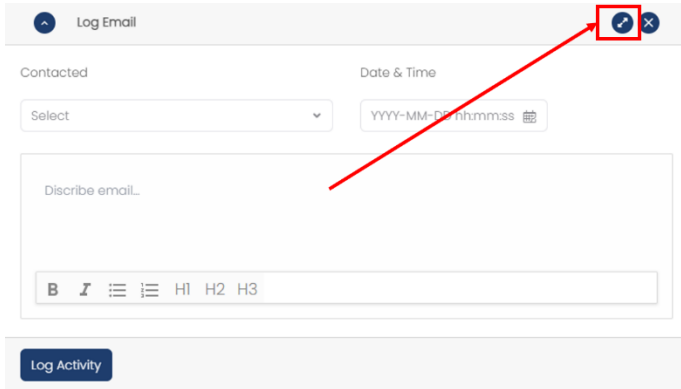

A screenshot of the 'Log Email' popup form, similar to the one above. In this version, the rich text editor toolbar (containing B, I, list, H1, H2, H3) is highlighted with a red box. A red arrow points from the 'Discribe email...' text area towards the toolbar, indicating that the user can customize the text using these formatting options.

- v. You can minimize and maximize the popup by clicking on the arrow button on the top left corner of the popup.

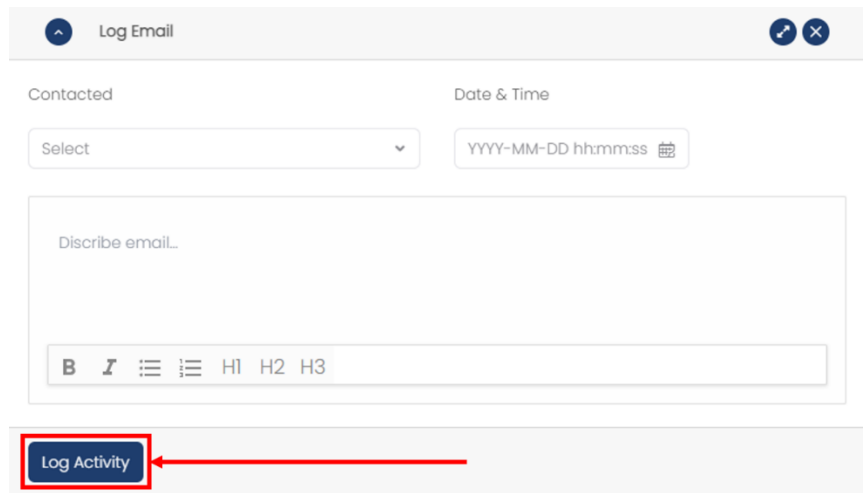

A screenshot of the 'Log Email' popup form. In this version, the minimize/maximize button (represented by a left-pointing arrow) in the top-left corner of the popup's title bar is highlighted with a red box. A red arrow points from this button towards the 'Discribe email...' text area, indicating that clicking this button can minimize or maximize the popup.

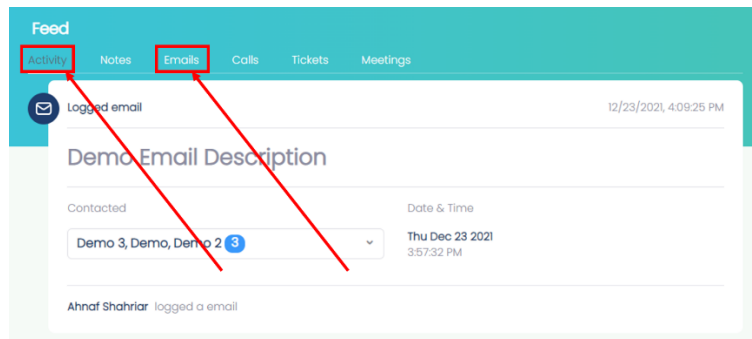

- vi. You can convert the popup into full screen and return back to its original shape by clicking on the button from the top right corner beside the “close” button.

- vii. After all the editing, you can log the email by clicking on the “Log Activity” button.

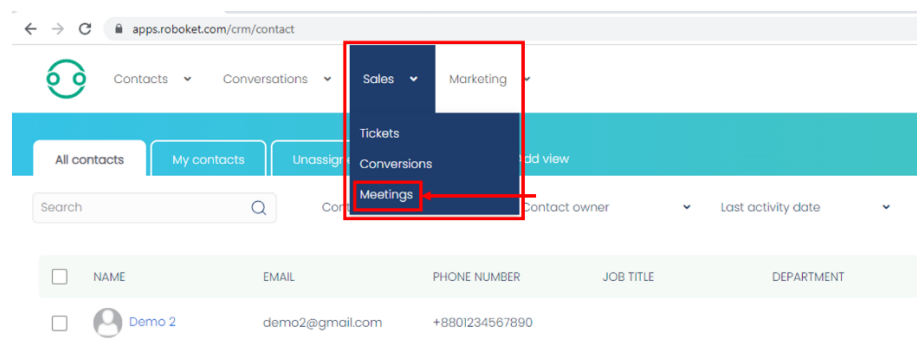

- viii. Your logged email with all its information including log creator, time and date of creation will be visible in the “Feed” which is located in the middle of the window under both “Activity” and “Emails”. You can go and visit them by clicking on those buttons. Latest activities will be at the top in the feed.

c. Meeting

i. Create Meeting

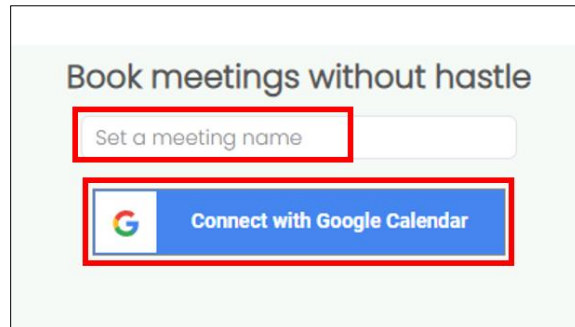

1. First of all, you have to create a meeting link, if you do not have created one. **If you have one, then jump to step 12.**
2. In the dashboard, there is a button named “Sales” in the “Main Menu Bar” at the top of the page. After clicking it, a dropdown menu will appear and select “Meetings” from that.

3. In this page, click on the “Create Meeting Link” from the top right corner.

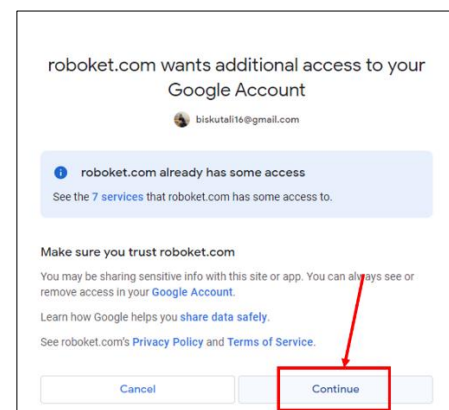

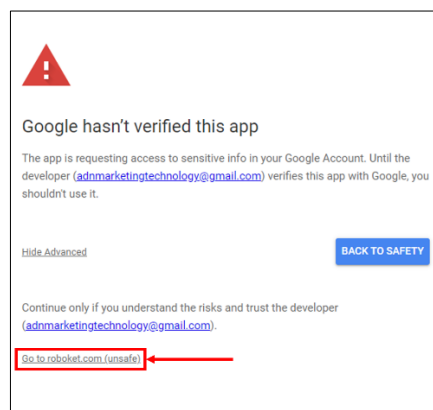

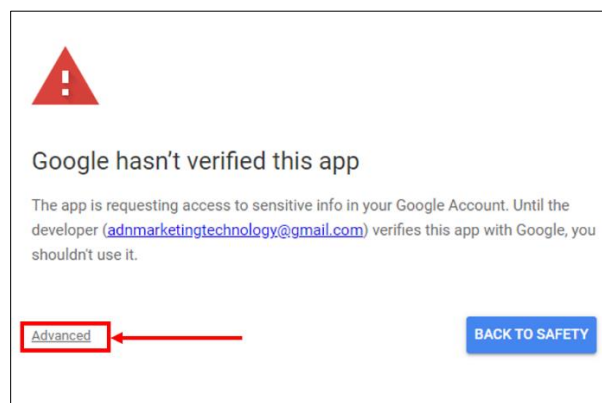

4. Enter a name for the meeting in the field and click on the “Connect with Google Calendar” button. Now you have to sign in or choose your google account.

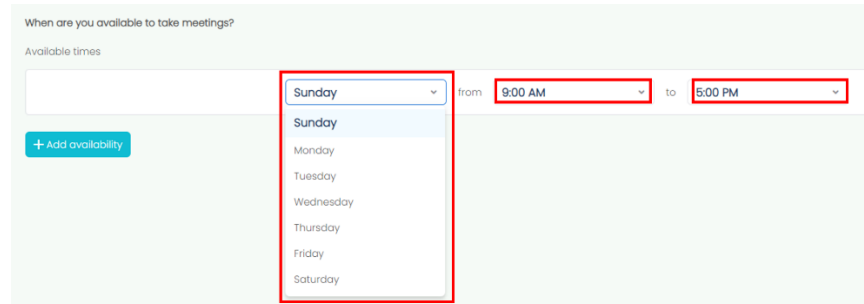

The screenshot shows a light green background with the text "Book meetings without hassle" at the top. Below this is a white input field with the placeholder text "Set a meeting name". To the right of the input field is a blue button with a white Google "G" logo and the text "Connect with Google Calendar". Both the input field and the button are highlighted with red rectangular boxes.

5. Allow permission for RoboKeteer to your google account. Click on “Advanced” and “Go to roboket.com”. Then click on “Continue”.

6. In this page, add day and timing when you are available in a week. Each row is available only for one day of the week.

7. To change the day, click on the “Sunday” and a dropdown menu will appear. Select any day. To change time, click on the times and select.

When are you available to take meetings?

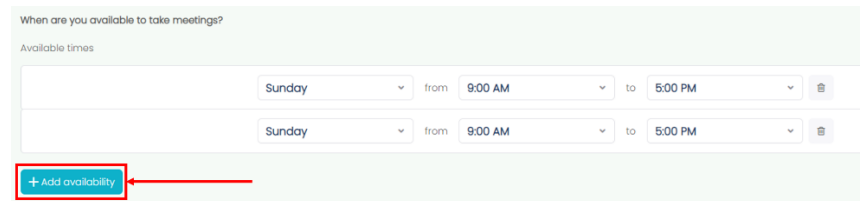

Available times

Sunday from 9:00 AM to 5:00 PM

+ Add availability

Sunday
Monday
Tuesday
Wednesday
Thursday
Friday
Saturday

8. If you want to add multiple days, click on the button named “Add availability” where you can edit the day and time following step 7.

When are you available to take meetings?

Next

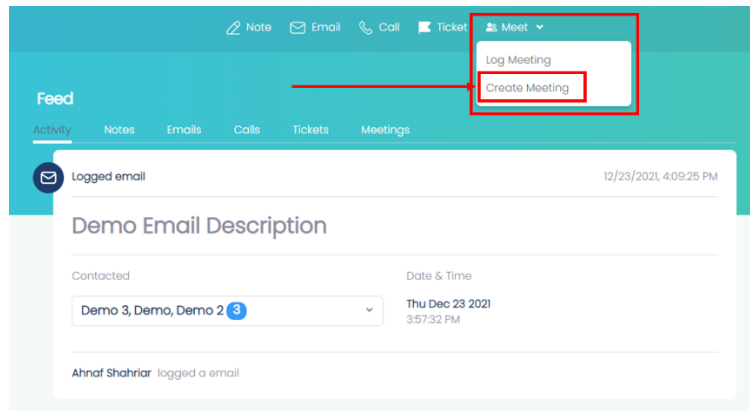

10. Fill up the form if you have any questions and click the “Next” button in the bottom right corner of the page.

11. Click the “Done” button in the bottom right corner of the “Get Link” page. Your meeting link will be created and directed to “Meetings” page where your created meeting link will be visible.

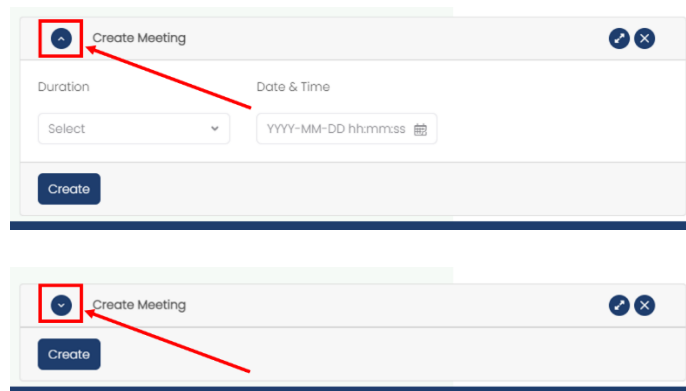

12. **Dashboard > Contacts > Contact.**
13. Click on the name of any contact. You will be directed to the **contact dashboard**.
14. Put your cursor on the “Meet” button from the menu under the “Main Menu Bar”. A dropdown menu will appear. Click on “Create Meeting”.

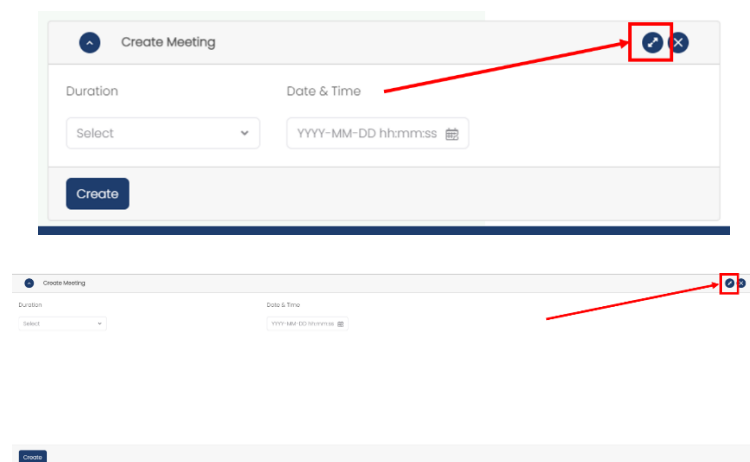

15. A **popup** will appear where you can create a meeting.

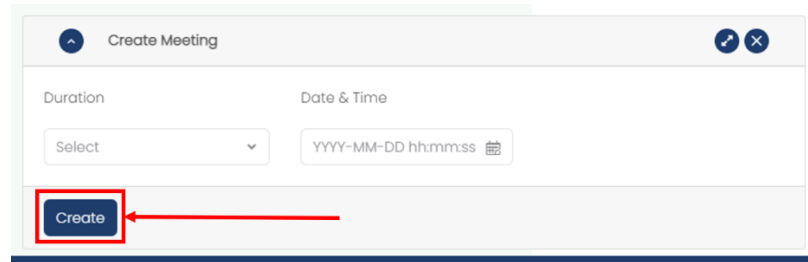

16. You can minimize and maximize the popup by clicking on the arrow button on the top left corner of the popup.

17. You can convert the popup into full screen and return back to its original shape by clicking on the button from the top right corner beside the “close” button.

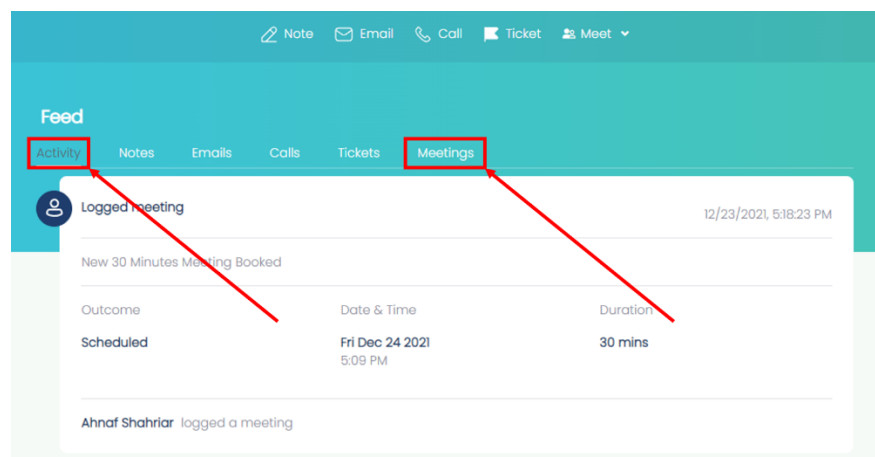

18. Fill up all the fields and click on the “Create” button.

The screenshot shows a 'Create Meeting' form. It has two main sections: 'Duration' with a 'Select' dropdown menu, and 'Date & Time' with a text input field showing 'YYYY-MM-DD hh:mm:ss' and a calendar icon. At the bottom left, there is a blue 'Create' button, which is highlighted with a red rectangle and a red arrow pointing to it from the right.

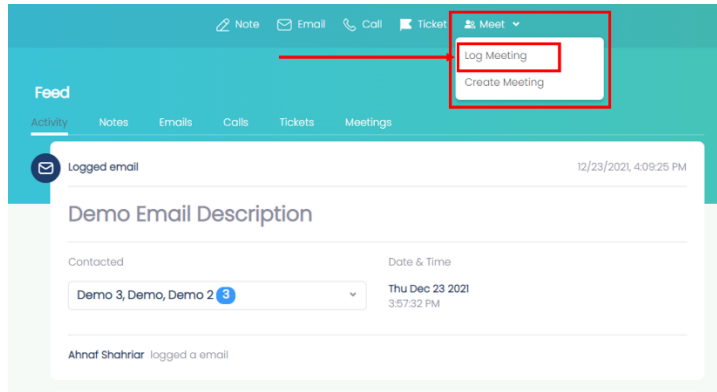

19. Your created meeting with all its information including log creator, time and date of creation will be visible in the “Feed” which is located in the middle of the window under both “Activity” and “Meetings”. You can go and visit them by clicking on those buttons. Latest activities will be at the top in the feed.

The screenshot shows the 'Feed' section of the application. At the top, there is a teal header bar with navigation icons for Note, Email, Call, Ticket, and Meet. Below the header, the 'Feed' title is centered. Underneath, there are tabs for Activity, Notes, Emails, Calls, Tickets, and Meetings. The 'Activity' and 'Meetings' tabs are highlighted with red rectangles. Below the tabs, a card displays a 'Logged Meeting' entry. The card includes a user icon, the text 'Logged Meeting', and a timestamp '12/23/2021, 5:18:23 PM'. Below this, it says 'New 30 Minutes Meeting Booked'. A table follows with three columns: Outcome, Date & Time, and Duration. The 'Outcome' column contains 'Scheduled', the 'Date & Time' column contains 'Fri Dec 24 2021 5:09 PM', and the 'Duration' column contains '30 mins'. At the bottom of the card, it says 'Ahnaf Shahriar logged a meeting'. Red arrows point from the 'Activity' and 'Meetings' tabs to the 'Logged Meeting' card.

ii. Log Meeting

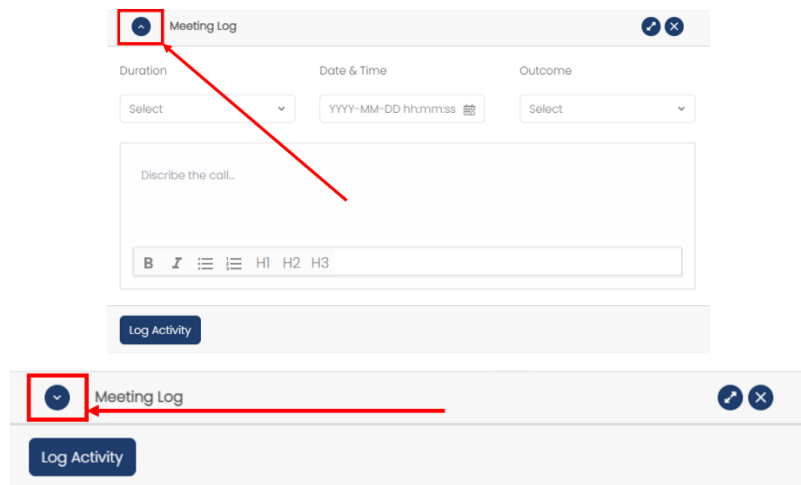

1. **Dashboard > Contacts > Contact.**
2. Click on the name of any contact. You will be directed to the **contact dashboard**.
3. Put your cursor on the “Meet” button from the menu under the “Main Menu Bar”. A dropdown menu will appear. Click on “Log Meeting”.

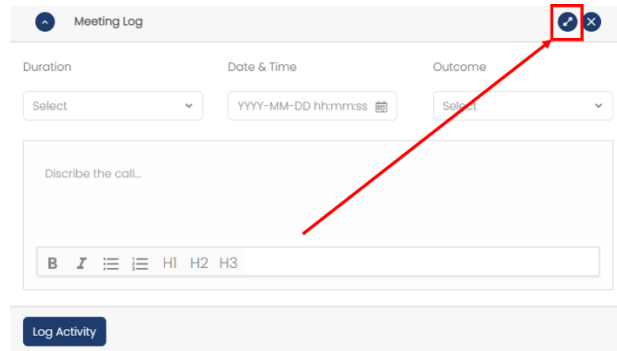

4. A **popup** will appear where you can log a meeting.
5. Fill up all the fields. You can customize the text while writing a description of the meeting.

 A screenshot of a 'Meeting Log' popup window. The window has a title bar with a close button (X) and a maximize button. Inside, there are three input fields: 'Duration' (a dropdown menu), 'Date & Time' (a date and time picker), and 'Outcome' (a dropdown menu). Below these is a large text area for 'Discribe the call...'. At the bottom of the text area is a rich text editor toolbar with buttons for Bold (B), Italic (I), Bulleted List, Numbered List, Header 1 (H1), Header 2 (H2), and Header 3 (H3). At the bottom of the popup is a 'Log Activity' button.

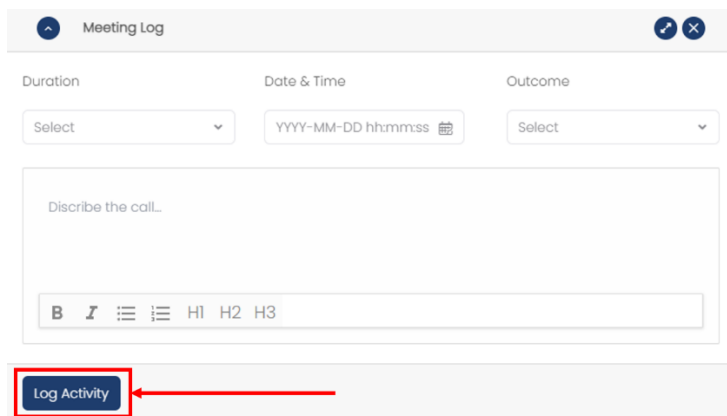

6. You can minimize and maximize the popup by clicking on the arrow button on the top left corner of the popup.

7. You can convert the popup into full screen and return back to its original shape by clicking on the button from the top right corner beside the “close” button.

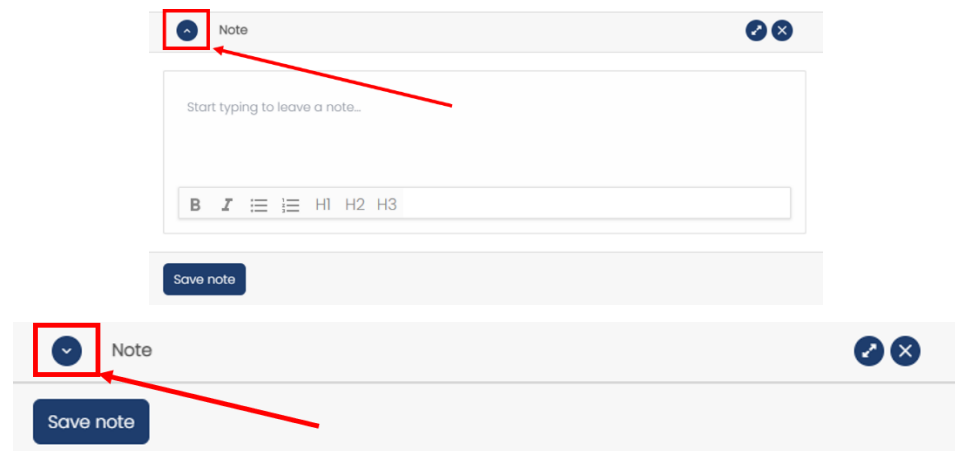

8. After all the editing, you can log the meeting by clicking on the “Log Activity” button.

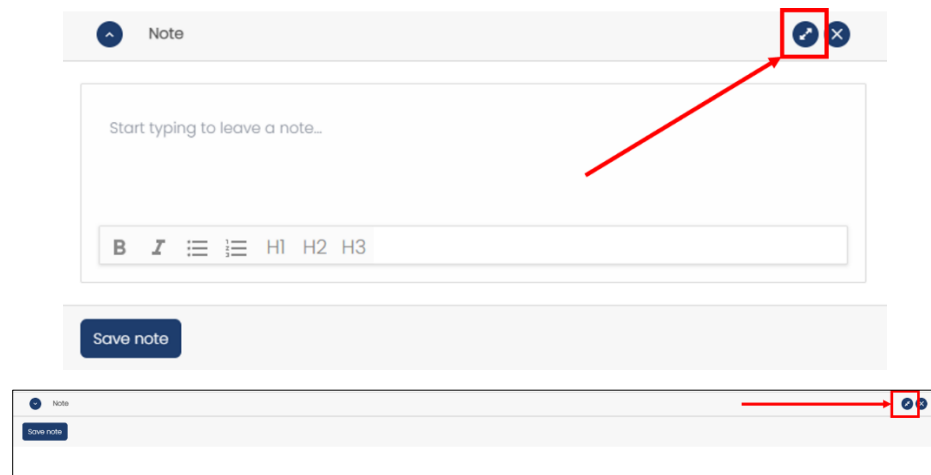

9. Your logged meeting with all its information including log creator, time and date of creation will be visible in the “Feed” which is located in the middle of the window under both “Activity” and “Meetings”. You can go and visit them by clicking on those buttons. Latest activities will be at the top.

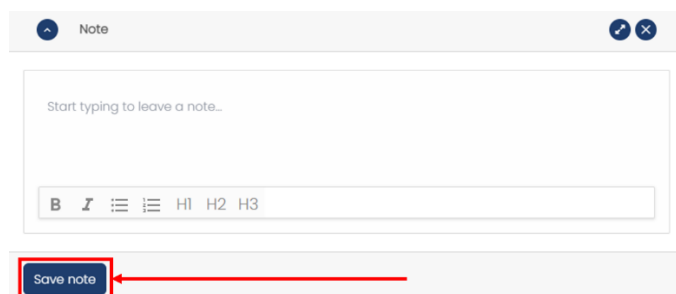

- v. You can minimize and maximize the popup by clicking on the arrow button on the top left corner of the popup.

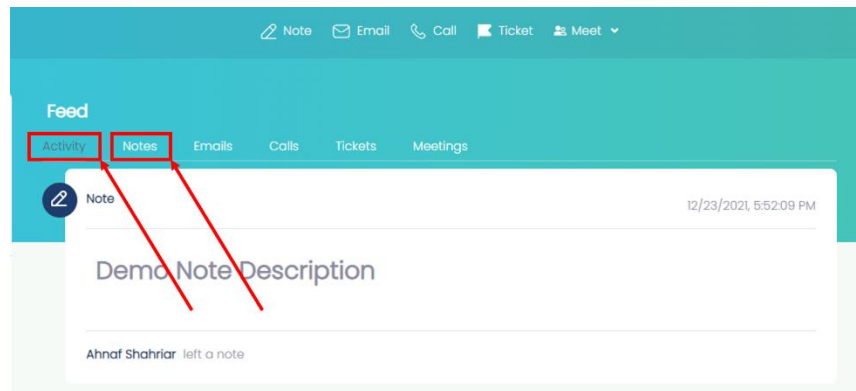

- vi. You can convert the popup into full screen and return back to its original shape by clicking on the button from the top right corner beside the “close” button.

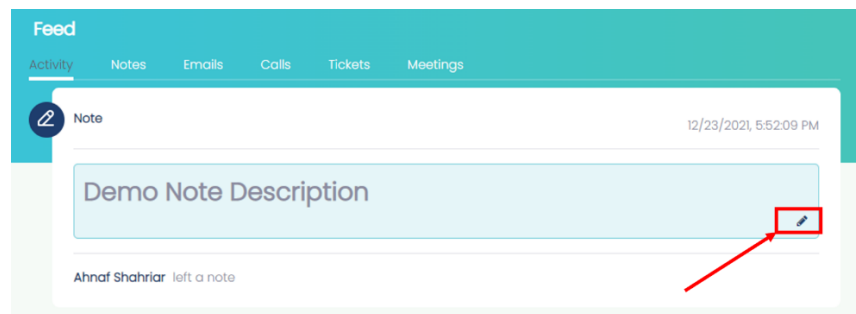

- vii. After all the editing, you can save the note by clicking on the “Save Note” button.

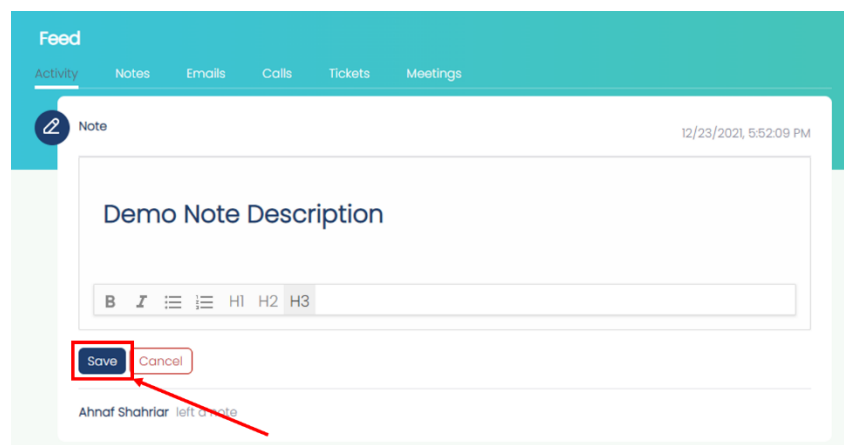

- viii. Your created note with all its information including note creator, time and date of creation will be visible in the “Feed” which is located in the middle of the window under both “Activity” and “Notes”. You can go and visit them by clicking on those buttons. Latest activities will be at the top in the feed.

- ix. You can edit the note after creating it. Put the cursor on the note description and a “pen” icon will appear. Click on that icon and edit it.

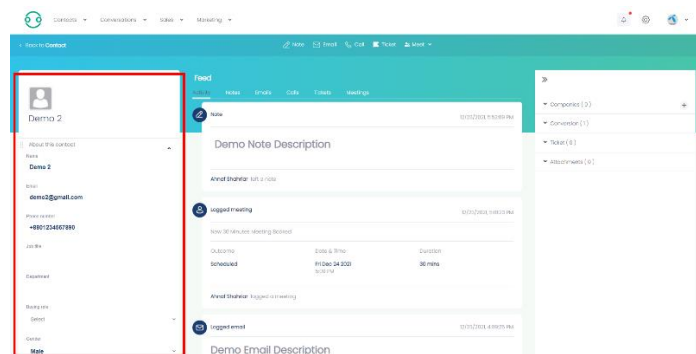

- x. After editing, click on the “Save” button below.

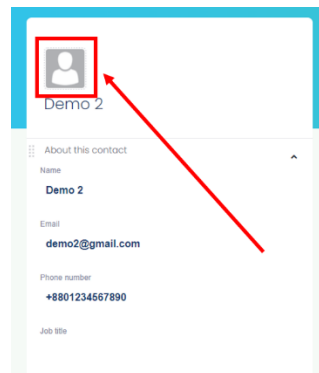

e. Profile Update

- i. **Dashboard > Contacts > Contact.**
- ii. Click on the name of any contact. You will be directed to the **contact dashboard**.
- iii. In the left part of the **contact dashboard**, you will find information about that contact. You can insert or edit this information from this section.

- iv. If you want to upload a photo of the contact, click on the photo/camera icon above the contact's name. Select a photo and click "Open" to upload it.

- v. Click on the information below the title of any field which you want to edit/insert. You will get either a textbox or dropdown menu to edit/insert.

Conversations

1. Snippets

a. Create, Delete Snippet

- i. Click on “Conversations” from “Main Menu Bar” from dashboard. A dropdown will appear from where you have to click on the “Snippets”.

- ii. From the right side of the page, click on “Create Snippet”. A new popup will appear.

- iii. Fill up the fields and click on the “Save Snippet” button bellow from the popup. Edit the snippet content from the options. For detail about editing, follow the “Email” segment.

New snippet ×

Snippets allow you to create reusable blocks of text that you can access quickly through keyboard shortcuts. Get started by entering a phrase or line of text that you find yourself typing often, like a greeting or meeting agenda.

Internal name

Add the content of your snippet

B *I* U U H1 H2 H3

Shortcut
 To use a snippet, type the **⌘** symbol followed by the snippet shortcut you enter above. The snippet will then appear in the text editor.

Save Snippet Cancel

- iv. If you want to delete a snippet, mark the snippet by clicking on the box located on the left side of the snippet name. A new menu will appear above. Click “Delete” from that menu. A new popup will appear for confirmation.
